Call for Abstracts

16th International Joint Conference on Stroke and Cerebral Circulation

February 21-23, 1991
San Francisco Marriott
San Francisco, California

Sponsored by the Stroke Council of the American Heart Association

Physicians and investigators are encouraged to submit abstracts on the clinical or experimental aspects of the pathogenesis, diagnosis, and medical and surgical management of vascular diseases of the brain and spinal cord. Abstracts accepted for presentation will be published in the January 1991 issue of Stroke, a journal of the American Heart Association.

Abstract deadline August 31, 1990
Further information may be obtained through:
American Heart Association
National Center
16th International Joint Conference on Stroke and Cerebral Circulation
7320 Greenville Avenue
Dallas, TX 75231
(214) 706-1441

Two CEREBROVASCULAR DISEASE FELLOWSHIPS are available, one or two years, beginning July 1, 1990, in the Department of Neurology, Henry Ford Hospital. These fellowships offer comprehensive training programs in pathophysiology, diagnosis and management of cerebrovascular disorders, including migraine, within an NIH funded center for cerebrovascular disease research. A Javits Junior Clinical Investigator Fellowship is available to one competitive candidate. The department evaluates almost 600 patients with cerebrovascular disease yearly, has a stroke and migraine clinic, and a clinical/clinical research four bed acute stroke unit. Clinical and basic science research opportunities available in: in-vivo NMR spectroscopy of human and animal cerebral ischemia, 133-Xenon inhalation regional cerebral blood flow, non-invasive carotid dopplers, transcranial doppler, platelet function laboratory, HFH stroke center data bank, and experimental drug studies in stroke and migraine. Applicants should have completed an accredited neurology residency and be board eligible/certified. Salary commensurate with experience. Please send letter of inquiry to: K.M.A. Welch, M.D., Chairman, or Steven R. Levine, M.D., Director, Center for Stroke Research, Department of Neurology, Henry Ford Hospital, 2799 West Grand Blvd., Detroit, Michigan 48202-2689 (ph 313-876-3396).

Just what heart researchers have been hoping for.

The member companies of the AHA Pharmaceutical Roundtable offer new hope for the future of vital cardiovascular research. With their unprecedented commitment of time, expertise and funding, these pharmaceutical leaders have the opportunity to exchange ideas and information relevant to heart research, while also supporting promising projects. Altogether, cardiovascular researchers couldn't hope for a more dedicated circle of friends and supporters.

Official Journals of the American Heart Association

Circulation
John Ross Jr., M.D., Editor
ISSN: 0009-7322
Presents clinical and laboratory research relevant to cardiovascular disease. For Cardiologists and primary care physicians. Includes Clinical Progress Series, Research Advances Series, Editorials, Point of View, Editorial Comments, Letters to the Editor, and the AHA News and Meetings Calendar. Monthly.

Circulation Research
Harry A. Fozard, M.D., Editor
ISSN: 0009-7330
Documents research advances in basic science, research, and experimental medicine. For researchers and clinicians. Includes Original Contributions, Brief Communications, Letters to the Editor, and the AHA News and Meetings Calendar. Monthly.

Hypertension
Allyn L. Mark, M.D., Editor
ISSN: 0194-911X
Reports clinical and laboratory investigations in hypertension. For cardiologists, primary care physicians, and researchers. Includes Original Investigations, Brief Reviews, Symposia, Case Reports, and the AHA News and Meetings Calendar. Monthly.

Stroke
A Journal of Cerebral Circulation
Oscar M. Reinmuth, M.D., Editor
ISSN: 0039-2499
Includes articles on prevention, diagnosis, treatment and rehabilitation. For cardiologists, neurologists, and primary care physicians. Progress Reviews, Original Contributions, Case Reports, Abstracts of Literature, Comments, Opinions, Reviews, Letters to the Editor, and the AHA News and Meetings Calendar. Monthly.

Arteriosclerosis
A Journal of Vascular Biology and Thrombosis
Edwin L. Bierman, M.D., Editor
ISSN: 0276-5047
Relates original research and reviews on the biology, prevention, and impact of vascular diseases. Designed for physicians and investigators. Original Contributions, Editorials, Reviews, Meeting Summaries, Special Reports, and the AHA News and Meetings Calendar. Bimonthly.

Recurring Bibliography of Hypertension
ISSN: 0090-1326
Surveys current published developments in hypertension. For researchers and librarians. Bimonthly. Published by the AHA in cooperation with the National Library of Medicine.

Carry the card that shows you care!

Now you can turn the ordinary act of using a credit card into a significant event by accepting and using the AHA credit card. Whenever you use our card to make a purchase, something special happens to help The American Heart Association. A royalty is generated from Maryland Bank N.A. (MBNA*) at no additional cost to you. So when ever you enjoy the convenience of using a credit card, you can enjoy the good feeling that you have helped AHA.

Make a statement without saying a word.
The card identifies you, along with thousands of others, as someone making a difference for The American Heart Association. In restaurants, hotels, anywhere you use the card, you communicate a sense of mission, and spark the interest of others who may want to help.

You can also help yourself to a superior credit opportunity... a prominent line of credit up to $5,000 and MasterCard® acceptability. Yours free of its $20 annual fee the first year.

YES! I wish to apply for the American Heart Association Preferred MasterCard account with a line of credit up to $5,000 and all the other benefits mentioned above. (Note: This is not an application for a corporate account.) (Please print.)

I have read this entire application and agree to its terms, and understand that I will be jointly and severally liable for all charges on the account.

I authorize MBNA* to investigate any facts or obtain and exchange reports regarding this application or resulting account with credit reporting agencies and others. Upon request I (we) will be informed of each agency's name and address.

The information about the cost of the card described in the application is accurate as of 1/90. This information may have changed after that date. To find out what may have changed, call 1-800-847-7378.
The American Heart Association journals may be worth their weight in gold, but they certainly aren't priced that way. Especially now, during the fortieth anniversary of Circulation, the twentieth anniversary of Stroke, and the tenth anniversary of Arteriosclerosis. You see, we're celebrating these milestones with special subscription discounts. The longer your subscription, the more you save. Discounts range from 10% off the price of a one-year subscription to 40% off the price of a four-year subscription, if you order this year. That makes 1990 the perfect time to renew a lapsing subscription, extend a current one, or begin subscribing to any of the five American Heart Association journals. Just think of it as a chance to pick up a bargain, while you pick up knowledge that can't be priced in dollars and cents. For subscription information, call us at 214-706-1310.

This offer is available in the United States only.
