Correction to: In-Hospital Risk Prediction for Post-stroke Depression: Development and Validation of the Post-stroke Depression Prediction Scale

In the article by de Man-van Ginkel et al, “In-Hospital Risk Prediction for Post-stroke Depression: Development and Validation of the Post-stroke Depression Prediction Scale,” which published online on August 26, 2013, and appeared in the September 2013 issue of the journal (Stroke, 2013;44:2441–2445. DOI: 10.1161/STROKEAHA.111.000304), a correction is needed.

On page 2444, in Table 6, the fourth and fifth column headings are inversed. The fourth heading should read “Negative Predicted Value (95% CI),” and the fifth heading should read “Positive Predicted Value (95% CI).”

This correction has been made to the current online version of the article, which is available at http://stroke.ahajournals.org/content/44/9/2441.
