Correction to: Early Elevated Troponin Levels After Ischemic Stroke Suggests a Cardioembolic Source

In the article by Yaghi et al, “Early Elevated Troponin Levels After Ischemic Stroke Suggests a Cardioembolic Source,” which published online on November 22, 2017, and appears in this issue of the journal (Stroke. 2018;49:121–126. DOI: 10.1161/STROKEAHA.117.019395) corrections are needed.

On page 1, in the author byline, “Brian MacGrory” should read “Brian Mac Grory.”

In addition, also on page 1, in the first sentence of the Methods section of the abstract, “during a 22-month period” should read “during an 18-month period.”

These corrections have been made to the current online version of the article, which is available at http://stroke.ahajournals.org/content/early/2018/49/1/STROKEAHA.117.019395.
